**Promoting the learning of Chinese, and about China,
in Scottish schools for 15 years.**

**SCEN membership is open to everyone who is
keen to promote the learning of Chinese
and about China in Scottish Schools.**

The Scotland China Education Network, "SCEN", was founded 15 years ago in January 2006 to bring together teachers, young people, individuals, national agencies and associations keen to promote teaching and learning Chinese language and culture in Scottish schools. In these challenging times, learning about China and the Chinese language is more important than ever. Let's make sure young people in Scotland are able to take advantages of the opportunities available.
